## **CLWB PENMORFA ENGLISH AS AN ADDITIONAL LANGUAGE (EAL) POLICY**

At Clwb Penmorfa we welcome children of all nationalities who often join us with very little knowledge of the English language. Children and parents who have English as a second or additional language will be valued, and their languages recognised and respected.

Clwb Penmorfa being situated within the Country of Wales respects the Welsh language and even though a high percentage of our children are predominantly English speaking, Welsh is used regularly throughout the setting both spoken and visual.

Children are great teachers and absorbent learners so a child attending whose first language is not English is encouraged to take part in all activities with children of similar age using resources and opportunities of a high standard including books and story sacks to improve children's language skills.

**Amended January 2024**
